Accredited CPD training means the learning activity has reached the required CPD standards and benchmarks. The learning value has been scrutinized to ensure integrity and quality.

Dental Business Administration

A business administration course designed from Dentists for Dentists & Dental Managers/Administrators. This program is carefully designed to fulfill all of today's dentists' needs and quests.

It addresses dentists who are now graduating, starting their career or have a constant need of upgrading and updating their business.

Running a dental clinic is a very challenging task and we ought to be prepared for every situation. But even when we have the necessary knowledge and experience there is always something new that we have to learn or a different trend that we have to keep up with.

If you are in control you have to remain
 And if you lost control you must earn it again!

Program Aim:

This program's main aim is to create every dentistry's individual character in order to differ from competitors and always earn and be the best in power and patients preferences.

Dentistry is a brand where many different educational fields have to come together to ensure success. Accounting, management, public relations, human resources, if you don't know what they are supposed to be doing how you can control them?

Earn the competitive advantage & increase you profits
 in running you own dental practice!

"Mainly a Mastership Class for mastering and achieving ideal dental management skills in which students have the advantage of evaluating and practicing the learned subjects."

Goal:

Our Goal is to prepare dentists to undertake their business as entrepreneurs and to make them able to solve problems concerning:

- Human Resources Management
- Marketing
- Accounting
- Economics
- Patient Satisfaction Surveys
- Leadership Skills
- Negotiation Skills
- Consumer Behavior
- Presentation & Communication Skills
- Presentation & Assessment of a Business Plan

Course Dates 2016

SESSION 1

18th to 20th March
2016

SESSION 2

20th to 22nd May
2016

SESSION 3

30th June to 3rd July
2016

What should participants expect from this program:

For a Dentist to be able to always have full control of his/her dentistry he/she ought's to have some general knowledge concerning all professions that constitute his group.

This is where this program aims

Dental schools prepare the doctors only for the medical part of their clinic. We educate the dentist concerning everything they will need business oriented.

Course plan:

Marketing

Lecturer: Dr. Anna-Maria Yiannikos

Course description:

Location: MERIMNA INSTITUTE ATHENS - GREECE

Lecturer: Dr. Anna-Maria Yiannikos

Marketing is the management process responsible for identifying, anticipating and satisfying patient needs profitably.

This subject aims to provide participants with a full understanding of the principles of marketing and how to apply it to any similar situations in their clinics.

Through this one day module the candidates taking this course will be able to identify and understand the components and value of marketing by learning:

1. The Fundamental Concepts of Marketing
2. The Marketing Mix for Dental Clinics
3. The Value Proposition Concept

Educational Tools:

- Exercises
- Slide Handouts

Assessment:

The understanding of the module from the participants will be assessed through the exercises that they will undertake.

Recommended Literature:

Presentation & Communication Skills

Lecturer: Dr. Anna-Maria Yiannikos

Course description:

In this era that we are living in, our words, our tone of voice and our body language play a great role to the impact of our success in our practices! Either if we present simple cases to our patients in our clinics daily, or to public our confidence and the ways we are presenting it is extremely essential.

This whole day module will teach the participants:

1. The 9 Communication Skills
2. How to Prepare, Present and Handling a Presentation
3. The 2 Types of Communication and How to apply them productively in our Practices.

Educational Tools:

- Presentation Exercises
- Slide Handouts

Assessment:

The understanding of the module from the participants will be assessed through the presentation, which will be videotaped and played back privately, to determine the strengths and the areas for individual improvement.

Accounting

Lecturer: Dr. Anna-Maria Yiannikos

Course description:

General knowledge of accounting is necessary for all and the truth is that we might be disadvantaged by being ignorant of accounting matters.

The main goals of the whole day module of accounting is to learn the 'jargon' of accounting, understand the basic principles of accounting and identify the important information that we can gather from the following statements of our clinics:

1. Balance Sheet
2. Income and
3. Cash Flow

Educational Tools:

Accounting Exercises
Slide Handouts

Assessment

The understanding of the module from the participants will be assessed through the exercises and the discussion that will take place.

Business Plan

Lecturer: Dr. Anna-Maria Yiannikos

Course description:

This module will be presented in 2 days – 1st day will be held on the first session and the 2nd as a part of the second session of DBA course.

During the first day the participants will recognize how to execute a business proposal as well as to define the milestones and anticipate potential risks and problems.

Furthermore they will realize the usefulness of the creation of a business plan. Another purpose of the project is both to test the students' ability to use the tools and concepts providing during the DBA course as well as to help them to develop their abilities for writing such a document.

During this module the participants will learn (besides the mentioned above):

1. The Steps of the Development of a Business Plan
2. How to Analyze the Market and their Competition
3. To make a SWOT and PEST Analysis
4. To Present their Business Proposals

Educational Tools:

Slide Handouts
Feedback that will give from the lecturer between the two sessions

Assessment:

The understanding of the module from the participants will be assessed through the developing and presenting of their own business plan. The last day a panel of examiners will evaluate the project on the degree to which it demonstrates the following attributes

Recommended Literature:

- a. A Clear and Logical Definition of the Problem & the Objectives
- b. Value Contribution
- c. Evaluation & Interpretation of Data
- d. Structure, Coherence, Presentation

- e. References
- f. Clarity of Situation Analysis
- g. Research
- h. Tools and Methodology

Pearson, 2011

Human Resource Management

Lecturer: Dr. Anna-Maria Yiannikos

Course description:

We are not only the dentists but also we are the Human Resource Managers of our clinics, responsible for the selection & training of our team.

The one day module will teach the participants how to make:

1. A Correct Job Description
2. A Right Selection of Candidates through an un-biased Interview
3. An Orientation Program &
4. The Training of our New Staff members

Educational Tools:

Exercises/ Tests
Slide Handouts

Assessment:

The understanding of the module from the participants will be assessed through the exercises that they will undertake.

Recommended Literature:

“Hire Tough Manage Easy”

Author:

Mel Kleiman ISBN 1-893214-00-1

“Human Resource Management”

Author:

Gary Dessler

Leadership

Lecturer: Dr. Anna-Maria Yiannikos

Course description:

We are not only dentists but we are responsible to provide leadership to strategize, to inspire and to motivate our staff.

We as dentists have so many things to handle of the day-to-day management that we suffer of lack of time for keeping up with new ideas and no time for reflection and exploration of new opportunities.

As a result we end up managing rather than leading.

During the half day program, leadership module aims to teach the participants how to:

1. Motivate, Reward and Appraise your Team Members
2. Build the Strategy that Reflects your Values
3. Deal with Conflicts
4. Create Effective Delegation
5. "Walk the Talk"
6. Bring the Change in your Practice Furthermore through this half day course the participants will find out their own leadership style, acknowledging first the leadership styles.

Educational Tools:

Leadership Exercises
Slide Handouts
The Belbin's Management Team Roles questionnaire

Assessment:

The understanding of the module from the participants will be assessed through the exercises and the discussion that will take place after the completion of the course.

Recommended Literature:

"The Discipline of Market Leaders"
Author: M. Tewacy and F. Wiersema

ISBN-13:978-0-20-40719-8

ISBN-978-0-273-77241-5

"The naked Leader"
Author: David Taylor

ISBN:0-553-81565-2

Negotiation Skills

Lecturer: Dr. Anna-Maria Yiannikos

Course description:

As dentists we are accountable to negotiate continuously (with our patients, our team members, our suppliers, and our lab).

Unfortunately, negotiation is an area where many hidden traps lie. Knowing how to negotiate from 'A' to 'Z' pays to be prepared to protect our interest.

During the half day program, the negotiation skills module aims to teach the participants:

1. The steps of negotiation process-planning, conducting and post-negotiation strategies
2. The fundamentals for successful negotiation
3. Learn different procedures when agreement was unreachable

Educational Tools:

Negotiation Exercises
Slide Handouts

Assessment:

The understanding of the module from the participants will be assessed through the exercises that will take place.

Recommended Literature:

Author:A. Anderton

ISBN 978-1-4058-9235-3

‘Economics for Business’
Author:David Begg, Damian Ward

Consumer Behavior

Lecturer: Dr. Anna-Maria Yiannikos

Course description:

The study of consumers (patients) in the case of dental care helps clinics to improve their marketing strategies by understanding issues such as:

1. The 3 Stages of Decision Purchasing Process
2. The Factors that can Influence Each Stage
3. The Principles of Segmentation, Positioning and Targeting

The above will be taught during the one day module course.

Educational Tools:

Exercises

Slide Handouts

Assessment:

The understanding of the module from the participants will be assessed through the exercises that will be solved.

Recommended Literature:

“ConsumerBehavior”

Authors: Evans, M., Jamal, A., & Foxall, G.

John Wiley & Sons Ltd, 2006

Patient Satisfaction Surveys

Lecturer: Dr. Anna-Maria Yiannikos

Course description:

The necessity of knowing in which areas us dentists is lacking in & in which areas we should improve towards our patients and our employees is very important for our sustainability and profitability.

The full-day module aims to teach the participants:

1. How to Develop a Questionnaire
2. The Types of Research Questions
3. How to Deliver the Surveys
4. Design their own Survey

Educational Tools: Slide Handouts

Assessment:

The understanding of the module from the participants will be assessed through the developing of their own survey.
